

NEWSLETTER

August 2021

We have an invitation to do wood carving at the Douglas County Fair on August 17th to the 21st in the Activities Building. This would be a great opportunity for our Club to strut our stuff. Bring your own project to work on. Let Sonya or myself know a day and time that you would be open to carve so we can sort of schedule things. She and I can fill in open times.

We will be working at Youth Outdoor Activity Day on August 29th. We were going to do this last year. We will be helping kids make an Owl ornament. It will involve gluing and some woodburning. We could use a minimum of 6 people helping.

We still plan on carving and Angel with Marty Dolphen on September 24, 25 & 26th. Cost will be \$140.00. Contact Sonya or myself if you are interested so we can let Marty know on the number of roughouts to bring. Our contact numbers are on the side of this newsletter.

News Flash

We will be putting on a basic fish carving class through Community Education. It will be October 13 & 20th from 7 PM to 9 PM each night. We will hold it at Sonya's carving studio. Carving, wood burning and painting. Let us know if you will be able to help. We are limiting the class to 10 people.

Jim Bridenstine, Sonya and myself had a great time putting on a carving demonstration at Forada's Day this past Saturday, August 7. Talked to several possible new members. We carved feathers from cottonwood bark.

The 4-H club kids had such a great time carving a basic fish with us this past Winter that they wanted to carve some more. We are looking at carving a cottonwood bark feather this time. Date to be determined. It would be on a Saturday for about 3 hours.

Stay tuned for our Fall and Winter carving schedule. It is getting to be that time of year when we start out monthly carving sessions. We will use a combination of our members teaching classes to bringing in instructors.
